

Associate in Science degree at Heartland to Bachelor’s Degree in Horticulture at the University of Illinois Urbana-Champaign.

Concentrations available in:

Specialty Crops
Sustainable Landscapes

This is a suggested course pattern. Students must work with their advisor to develop a curriculum plan that meets their scheduling needs. Summer classes can also reduce the load during the fall and spring semesters.

HEARTLAND COMMUNITY COLLEGE			
FIRST YEAR	COURSE NAME	CREDIT HOURS	
		FALL	SPRING
ENGL 101	Composition I	3	
MATH 109	College Algebra for Business and Science	4	
IAI Life Science	IAI Life Science	3-4	
AGRI 157	Soil Science	3	
Elective	Elective (recommend Foreign Language I, if needed)	4	
ENGL 102	Composition II		3
MATH 111 <i>or</i>	Finite Math for Business and Social Science <i>or</i>		4
MATH 151	Calculus for Business & Social Science		
CHEM 161	General Chemistry I		5
Elective	Elective (recommend Foreign Language II, if needed)		4
Total Credit Hours		17-18	16
SECOND YEAR	COURSE NAME	CREDIT HOURS	
		FALL	SPRING
CHEM 162	General Chemistry II	5	
ECON 101	Principles of Microeconomics	3	
IAI Humanities	IAI Humanities	3	
Elective	Elective (recommend Foreign Language III, if needed)	4	
COMM 101	Introduction to Oral Communication		3
MATH 141	Introduction to Statistics		4
IAI Fine Arts	IAI Fine Arts		3
IAI Social Behavioral Science	IAI Social Behavioral Science		3
Total Credit Hours		15	13

- Descriptions of majors and their concentrations may be found at www.aces.illinois.edu.
- To learn more about the transferability of courses, please use the U Select Website www.transfer.org in conjunction with the University of Illinois General Education course listing <http://courses.illinois.edu/cis/gened/> or contact the ACES Academic Programs Office.

- Students completing the prescribed course sequences at Heartland Community College meeting the stated GPA requirement, and submission of a full application with supporting documentation, will be admitted to the College of Agricultural, Consumer and Environmental Sciences (ACES) at the University of Illinois. Acceptance into a specific major and concentration will be based on the individual student's meeting of the requirements, conditions and considerations listed for that program, including space in that major or concentration.
- The minimum GPA for application to all programs in the Dept. of ACES is 2.75. Given space limitations, meeting the minimum may not ensure your admission, as the actual GPA of the yearly applicant pool determines that number.
- The College of Agricultural, Consumer & Environmental Sciences (ACES) requires completion through the third level of one language other than English, either in high school or college, to **graduate** from the college. Effective fall 2011, there is no longer a language requirement for transfer admission. It is **strongly** recommended that transfer applicants complete this graduation requirement prior to the term of enrollment at Illinois. Early completion of this graduation requirement will allow time to complete other degree requirements. Length of time to graduation may increase if the language requirement is not completed prior to enrollment.
